Manage your HVAC system from any device anywhere in the world
Complete system management at a fraction of the cost

The all-new VisionPRO 8000 thermostat from Honeywell gives you the benefits of a large commercial HVAC system without the complexity or the price tag. With selectable commercial settings and the ability to send system information directly to your computer or mobile device, the VisionPRO 8000 allows you to manage multiple properties remotely, with no need for someone on-site.

REMOTE SYSTEM CONTROL MADE EASY
- **Easy to program and use** — No manual required
- **Remote monitoring** — Easily control multiple buildings from a PC, tablet or smartphone
- **Self-monitoring diagnostics** — Sends alerts for needed maintenance and service issues
- **Total solution** — Integrates occupancy sensors, lighting controls and other HVAC/IAQ systems*

RELIABLE COMMERCIAL CONTROL
- **Building code compliant** — Meets all commercial building codes, including Title 24
- **Efficient commercial management** — Temperature set point limits and keypad lock out lets you manage energy usage for maximum savings
- **365-day scheduling** — Program a holiday schedule including up to 25 custom events
- **Initiate occupancy** — Save energy in rooms not frequently used
- **Adjustable ramp rates** — Initiates early recovery as needed
- **Retrofit existing controls** — Replace inefficient HVAC controls with RedLINK™ wireless management system
- **Universal install options** — VisionPRO 8000 can be installed in three ways, eliminating on-site wiring issues

EFFICIENT PROPERTY MANAGEMENT
- **Includes diagnostics and alerts** — System information sent to your computer, tablet or smartphone through Honeywell’s Total Connect Comfort service**
- **User interaction and alert logs** — Simply download data to a microSD card and view on a PC
- **Low installed system cost with no monitoring fees**

*An Equipment Interface Module (EIM) is required for occupancy sensors.
**VisionPRO 8000 does not monitor system DeltaT; view DeltaT in installer setup.
CONNECT TO A COMPLETE SOLUTION
with RedLINK™ wireless technology

Easily integrate humidification, dehumidification, ventilation, indoor air quality and zoning systems — without running new wires. Wireless accessories install in minutes with the touch of a button, helping you solve more comfort issues and increase profitability.

RedLINK Internet Gateway with Total Connect Comfort Services
Property managers can remotely monitor and control their heating and cooling systems anytime, anywhere. Free apps are available for both Apple® and Android™ devices.
### All-New VisionPRO® 8000 Thermostats
